

MEMBERSHIP BENEFITS

CompTIA VAR Membership

CompTIA is the global nonprofit information technology (IT) trade association advancing the interests of IT professionals. Since its inception in 1982, CompTIA has supported and led the global IT industry through educational programs, market research, networking events, professional certifications, and public advocacy. CompTIA is a member-driven association, guided by an elected board of industry professionals. All proceeds are directly reinvested in programs and initiatives to advance the industry and provide benefits for members. **Gain access to the great benefits of a CompTIA VAR membership outlined below for only \$20* per month.**

MEMBERSHIP BENEFITS

**Global Certifications and Business Credentials**

Earning a certification proves that individuals not only have the right skills, but also dedication to their IT careers. For IT professionals, this endorsement can

lead to increased job security, additional career opportunities, and more credibility in the workplace. For businesses, hiring certified workers means higher customer satisfaction, increased productivity, and lower employee turnover.

A CompTIA credential demonstrates that a business adheres to the industry's best practices in the fields of PC repair, IT security, customer service, and network and server support. Earning a business credential shows potential customers that these businesses have the dedication, knowledge, and resources to perform quality service.

CompTIA members receive up to 20 percent off globally-recognized vendor-neutral certification vouchers and business-level credentials including:

Security
Trustmark

AUTHORIZED
SERVICE CENTER

**CompTIA Networking and Events**

CompTIA events and meetings bring the IT community together for networking and discussions about the latest trends in technology and business. Members may attend national conferences, executive forums, regional events,

and virtual meetings—receiving free registrations or significant member discounts. Annual events include:

- **CompTIA Breakaway**—North America's premier IT channel event
- **CompTIA Annual Member Meeting**—Members discuss IT industry opportunities and challenges
- **CompTIA Regional Workshops**—One-day educational workshops for the IT channel
- **CompTIA Webinars**—Online sessions providing valuable information on business strategies

**CompTIA Communities**

CompTIA communities are the foundation of the association's membership initiatives, programs, education, and research. These member-driven groups consisting of IT professionals, vendors, distributors,

and thought leaders, offer members the opportunity to lead initiatives and collaborate with peers to advance a specific area of interest within the IT industry. CompTIA communities include cloud/SaaS, healthcare IT, IT security, IT services and support, managed IT services, and small business owners.

**CompTIA Research**

CompTIA has an extensive market research program designed to provide the IT industry with timely, relevant, and actionable data and intelligence. CompTIA community members directly participate in the research process,

from providing guidance on research topics to assisting in the design and formulation of the studies. The association conducts about 15 new IT research studies annually with members receiving unlimited access to current and archived reports, presentations, and white papers. Recent research topics include:

- Cloud/SaaS
- Emerging technologies
- Green IT
- Healthcare IT
- IT security
- IT workforce
- Managed IT services
- SMB trends

**Public Advocacy**

The CompTIA Public Advocacy Office advances the interests of the IT community before the U.S. federal and state governments. This office is the voice of IT professionals on Capitol Hill, testifying on issues that

affect the IT industry and its workers and promoting the viewpoint of the IT industry in national media and in public policy discussions. The group also researches potential opportunities within federal proposals and programs that can benefit IT businesses and workers.

**Member Resources**

The CompTIA Member Resource Center provides unlimited access to business tools and resources to help members run their businesses more efficiently.

Log on 24/7 and stay up to date on current trends, best practices, and employee training. Available resources include:

- Legal resources hub, including NDA and SLA templates
- Human resources hub, including an interactive employee handbook, new hire templates, and educational articles
- Unlimited access to the CompTIA Educational Videos on Demand series covering managed IT services, healthcare IT, IT security, IT services and support, and cloud/SaaS (more than 30 videos currently available)
- Sales and marketing resources
- Accounting and financial resources
- Corelytics™ Financial Dashboard
- CompTIA Tech web portal
- Member connections
- Resource partners providing business strategy advice
- Member directories
- Discounts for business services, shipping, office products, travel, insurance, and more
- Access to the CompTIA online community blogs, discussion forums, resource libraries, and calendars
